

V News item:

2nd Transnational Project Meeting

The second transnational project meeting was initially planned to be organized by Kaunas STP in Kaunas (Lithuania). However, it has been decided that due to current pandemic situation partners should keep meeting remotely.

Nevertheless, the meeting, which took place on September 29, 2021, was productive, interactive, partners took time to discuss, exchange their ideas and share previous experiences. Project coordinator,

La Palma del Condado (Spain) presented the key project management related matters and partners responsibilities regarding this.

The main focus was concentrated to the development of AGROS courses (IO1) and the further discussions was led by responsible partners Kaunas STP (Lithuania) and CSI (Cyprus). Partners discussed the content of learning modules, the criteria for the revision of the delivered material.

Most importantly, partnership moved to the next stage of the development of the AGROS Courses. Representative of CSI outlined the main activities for learning content transfer to the digital context, presented the LMS to be used for this purpose, shared the examples of already other courses which are already in place.

As the project has gained considerable acceleration, partners plan to meet more frequently to discuss the progress. Stay tuned!
